

Hampton Township
September 2010 Planning Commission Meeting
09/13/2010

Planning commission members present

- * Jeremy Irrthum
- * CaSondra Schaffer
- * Mike Tix
- * Larry Runyan

Absent

- * Dave Peine

1. Meeting called to order by Jeremy Irrthum.
2. Travis Rosenwald
9973 Valley View Rd
Eden Prairie, MN 55344
1-952-903-9299

Travis Rosenwald of Design 1 RE: Verizon Wireless was requesting permit to swap out antennas, the change would be the center antennas 3g to 4g also they would add supports near the bottom a total of 3 supports. There would be no footprint or height change. The planning commission made a motion for board approval, the planning commission unanimously approved.

3. Mike DeMars
27245 Emery Ave
Randolph, Mn 55065
1-507-263-4183

Mike DeMars approached the planning commission to request a permit to build a Ag building. The Ag building would be 40ft by 80ft with 16ft walls with a total of 3200sq ft. The planning commission made a motion for board approval, the planning commission unanimously approved.

4. The planning commission also needed to look at the Gerster sites for sewage sludge to be applied to the farm land. The planning commission did not find any reason that the sludge could not be applied, the Gerster sites meet the Minnesota Pollution Control guide lines and are all approved. The planning commission did find that the setbacks for the state are 200ft and the Hampton township setbacks are 1000ft. Therefore the planning commission feels that the Gerster's should be notified of the Hampton township setbacks.

Motion to adjourn by Larry Runyan
Second by Mike Tix
Unanimously approval

CaSondra Schaffer
Hampton Township Planning Commission
